### **FOREWORD**

This is our first, complete ALUMNAE DIRECTORY, which we hope will be an interesting compilation of data about living graduates of Meredith, as well as data about non-graduates, who at some time have been affiliated with the association. (All graduates automatically become members, but only those non-graduates who wish to belong or whose names have been enrolled by family member or friend are included.)

- 1) Section one is an alphabetical list of names. When an address is missing, the office does not have a current address. You can be of great help if you have any information about lost alumnae. There are a number of alumnae having mail still going to old home addresses. In other cases, there may be deceased members, but the office does not know.
- 2) Section two is a class list. Check the alphabetical list for addresses. Deceased members, insofar as we know, are not included. If there is any question, please contact the office.
- 3) The third section is a geographical list of those alumnae whose addresses were on file as of August 20.

AUGUST 20 was used as a deadline for all corrections received from the July magazine. However, changes occurred during the process of printing, and new addresses will continue to arrive. Although we attempt to keep our files as current as possible, we still have approximately twenty per cent change during a fiscal year. The staff will greatly appreciate any recent information or any help about alumnae addresses.

We hope that you will like this booklet and that it will prove helpful to you.
